Table 2

This table shows the projected growth rate for each fund as at 05 April 2021.

| Fund choice | Investment name | Investment growth rate | Plans within the scheme | AMC (including any rebate) | Transaction costs* |
|--------------|--------------------|------------------------|-------------------------|----------------------------|--------------------|
| Default fund | RLCIS IB & OB Fund | 3.25% | 381 | 1.00% | 0.1065% |

*Transaction costs are incurred by asset managers as a result of buying, selling, lending or borrowing investments. These costs are taken into account when annual bonuses are set for policies held within this fund.

Notes

1. The projected pension values are shown in today's terms and take into account the effect of future inflation, which we've assumed will be 2.5%.
2. The default fund has been determined by the most popular investment fund in the scheme.
3. Values shown are estimates and are not guaranteed.
4. Member data, including the fund value and contribution levels were last reviewed on 05 April 2021.
5. The number of years illustrated is based on the average term to retirement for a typical member within the scheme.
6. Transaction costs provided by Royal London are correct at 05 April 2021.
